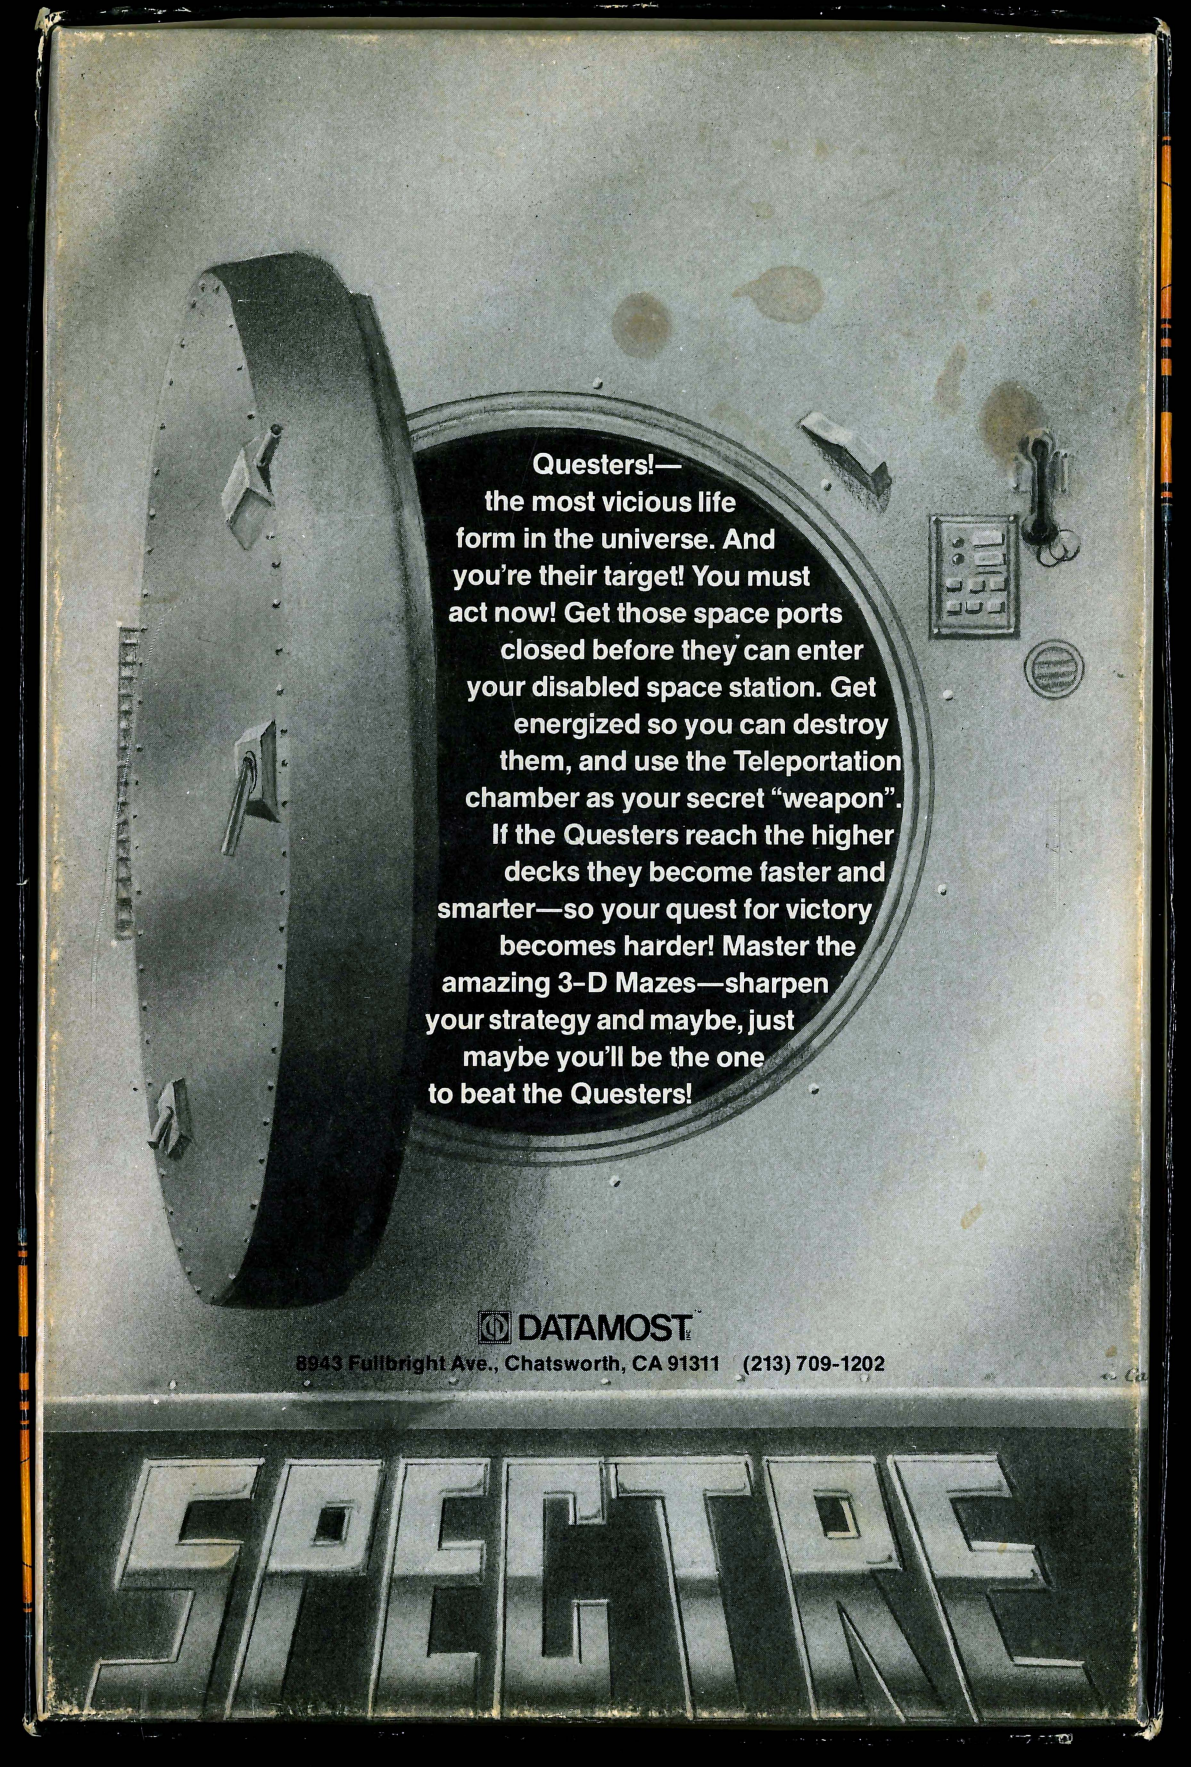
You're marooned between the stars, and the deadly Questers are swarming through the space ports to destroy you. Think fast, act faster if you hope to survive!

Only Spectre brings you fantastic 3-D maze action . . . and a special enemy locator-screen.

SPECTRE



Questers!—
the most vicious life
form in the universe. And
you're their target! You must
act now! Get those space ports
closed before they can enter
your disabled space station. Get
energized so you can destroy
them, and use the Teleportation
chamber as your secret "weapon".
If the Questers reach the higher
decks they become faster and
smarter—so your quest for victory
becomes harder! Master the
amazing 3-D Mazes—sharpen
your strategy and maybe, just
maybe you'll be the one
to beat the Questers!
